Subject: Re: Scheduling a meeting with DEQ

Good morning Karen,

As Jag noted, the various Utah parties would like to coordinate a call. As we have a number of schedules that we will need to align, would it be possible for you to send a few open windows and I will reach out to the other key participants with those options in order to get a date settled?

Many thanks for your assistance.

Best,

Good morning Karen,

I got a call from UPA. It looks like UPA and DEQ is interested in presenting to us regarding 179B modeling they have done and some of their challenges they are facing. Rikki is requesting that we schedule a meeting either for next week or the following week. Could you please work with Rikki to schedule this call?

Sincerely,
